STEAM[illegible]T INQUIRY TO-DAY

Recent C[illegible] Between Wilmington and Se[illegible] Subject of Investigation[illegible]S. Inspectors.

In respe[illegible] to an application emanating, i[illegible]aid, from both sides to the contro[illegible]rsy, Capt. F. B. Rice and Capt. J. T. Borden, U. S. steamboat inspectors for this district, will sit as a district court at the Custom House this morning, beginning at 10 o'clock, for the purpose of investigating the recent collision down the river between the excursion steamers Wilmington and Sea Gate, the former belonging to Capt. John W. Harper and the latter to the Wilmington, Southport & Little River Transportation Co., of which Mr. M. J. Corbett is president and Stone & Co., of this city, are agents. Capt. Harper will be represented by Hon. Jno. D. Bellamy and Herbert McClammy, Esq., while the interests of the steamer Sea Gate will be looked after by ex-Judge E. K. Bryan, Messrs. Rountree & Carr and, perhaps, other counsel.

Much feeling has been engendered by the accident, not because of the material damage to either boat, but because the steamers are in competition for the excursion business on the river and the relative speed of the two has been a question of public discussion for some time. This feeling has been accentuated by conflicting statements of just how the accident occurred and a lively hearing, with an appeal in the event of any decision, is looked for. A number of witnesses have been summoned and the outcome of the case will be watched with interest.

LOCAL DOTS.

—Other local on fourth page.

—Hatch Brothers will run an excursion from Mount Olive to Wilmington and return Friday, July 14th. The fare for the round trip is only $1.

—Henry H. Barnett and wife have transferred to Moses Padrick, for $700, lot near Seventh and Hanover street, along the right of way of the W. & W. railroad, 82 1-2x132 feet in size, more or less.

—The tug Astral, Capt. McGoldrick, arrived Sunday from Philadelphia, towing Standard Oil barges 58 and 81. The last named was left here with a supply of oil for the district plant while the tug proceeded with No. 58 for Savannah and Charleston.

—Rountree & Skipper, contractors, have applied for a permit to build a two-story residence for Mrs. D. Rountree, on church between Second and Third streets. Wm. Zimmerman has asked to build a one-story building on Cleveland alley, near Bladen street.

—Attention is called to the advertisement of Mr. E. A. Poe, the well known brick manufacturer, of Fayetteville. Mr. Poe has just put in new machinery, and is making large quantities of brick superior in every way. He would be pleased to quote prices give freight rates and any other information desired.

—During the thunder storm early Sunday afternoon the lightning burned out the armatures under two passenger coaches and the freight car of the C. R., L. & P. Co., suburban line. For that reason the car accommodations to the beach during the afternoon were inadequate in spite of the rainy weather.

—In addition to the large number of prizes given for the police excursion, already published, Alderman J. A Karr has given a very handsome shaving outfit, valued at $7, and Mr. H. L. —Capt. E. Piner has been succeeded as gateman at the A. C. L. station by Capt. Skinner, now running on the road. It is probable that Capt. Piner will take a position as baggage master between Wilmington and Charleston. He has many friends among the public who will miss him at the place where he has served so long and so well.

—Joshua Payne, a dwarf of a negro, familiarly known as "Knotty" and for a long time Mr. Van Hardin's "right bower," was sent to the roads for 30 days for vagrancy by the Mayor yesterday. "Knotty" recently blew in too much money, following a burglary in the city, and the attention attracted to his case by his profligacy was the cause of his undoing.

—A civil summons for C. M. Bernard, who figured as one of the principals in the sensational affair which brought about the tragedy in Raleigh Saturday, was received by the sheriff here Sunday but it had to be returned as the "bird had flown." Bernard, when he started for Raleigh from the Federal Court here Saturday, went no further than Hamlet in that direction.

—The Carolina Copper Works, No. 210 South Front street, Mr. H. M. Foard, proprietor, is now in full operation and some neat specimens of work are being turned out for the various manufacturing plants in the city. An exceptionally fine piece of work for the Angola Lumber Company has just been turned out. A specialty of electro-plating and brazing cast iron is made.

—The Seattle (Wash.) Post-Intelligencer of a recent date prints a special from Fairbanks, Alaska, stating that tuberculosis is fast exterminating the Nenana Indians and that Rev. J. Huhn, of the Episcopal ministry, a former Wilmington boy, has just returned from an investigation of the condition of the tribe. He says that if aid does not soon reach them, the entire band will be destroyed by the ravages of the disease.

LECENSES RENEWED

Number of Saloons Not Reduced By Increase in Taxation Rate

COMPLIMENT TO THE MAYOR

Aldermen Thank Chief Executive For Successful Effort In Behalf of City—Municipal Lighting Contract—Special Meeting.

The Board of Aldermen met in special session last night at the call of Mayor Waddell and passed upon licenses to sell spiritous and malt liquors for the six months ensuing July 1st. Notwithstanding the recent increase in the tax from $264 to $600 per year and predictions that many of the dealers would retire from business rather than pay the increase, the number of saloons licensed last night was exactly the same as are now licensed. Three dealers, viz: Messrs. H. H. Woebse, J. H. Woebse, and L. Southerland retired but there were applications from three others to take their place, leaving the whole number 58 retail dealers, 3 wholesale bottlers or malt liquor dealers and one distiller. The new retail dealers are W. M. Troutman & Co., Fourth and Nixon; Southern Distilling Co., 311 North Front street, and J. S. Sneeden, 1011 South Front street. The Board met at 8:30 o'clock and all members were present. Col. C. H. White, assistant city clerk and treasurer, kept a record of the proceedings in the absence of City Clerk and Treasurer Fowler, who is spending a brief vacation North. The Mayor stated that the clerk would read the names of the applicants and the endorsements thereon. If there were any objection to an applicant any member of the Board could speak up and the application would be laid aside for discussion after all had been read. The clerk stated in response to an inquiry from Alderman Karr that he had examined the endorsements on the several applications and had found none of the names duplicated.

Alderman Johnson had the application of Martin Brunjes, Seventh and Chesnut streets, laid aside and when the reading had been completed, said that he had heard complaint of crowds congregating in front of Mr. Brunjes' place and also in front of Mr. J. W. Capps', at Sixth and Castle streets. However, he said that he would not ask that license be refused either of the applicants named, but he considered it proper to call the matter of the complaints to the attention of the Board. Alderman Brown said, in the same connection, that he knew nothing of the complaint as to Mr. Capps, who now has another place on Carolina Beach, but that in granting the license of both the Messrs. Capps, at Sixth and Castle and on South Front street, he had been asked to allow them the privilege of exchanging locations, Mr. D. L. T. Capps going to Sixth and Castle and Mr. J. W. Capps coming to South Front street. The exchange of locations was permitted and the entire batch of applications passed as given above.

Mr. Johnson asked if a conviction or submission to any violation of the liquor laws in open court didn't debar the Board from granting license to such a person again. He understood that Judge Allen had charged the grand jury that if the governing board of any town or county granted license to a person who had been convicted of any irregularities in the sale of liquor that the members of such a governing board would themselves be liable to indictment. He mentioned the name of Mr. M. L. Starkey as having submitted to a violation. It was explained, however, that Mr. Starkey's violation was a mere technical one in that he had in one instance sold over the amount of malt liquor permitted to be sold by a retail dealer and that the offence was not such a one as was contemplated in the Revenue and Machinery Act, which was read and explained by City Attorney Marsden Bellamy, Jr. No action was taken upon the suggestion.

Alderman W. H. Yopp read an anonymous communication, which he had received through the mail, evidently from some employe in a bar room, complaining of the long hours the saloon men are required to be at their places of business and suggesting that the city make the hours from 7 A. M. to 8 P. M. and Saturday nights to 10 P. M. Mr. Yopp said he read the communication merely for the information of the Board. The Mayor said, with the evident approval of the Board, that the communication would be consigned to the waste basket where all anonymous missives belong. It was so disposed of in short order, going in the nearest spittoon.

It was stated that the Portner Brewing Co. had made no application for license to retail malt liquor; that while Mr. Banck, the manager, would not refuse, of course, to pay the city tax, he considered that a formal application under the new revenue law had only to be made to the county on May 1st. Without examining the law closely, City Attorney Bellamy said he was inclined to believe Mr. Banck's position was tenable. Upon motion of Mr. W. H. Yopp it was agreed that if it be discovered that the application by Mr. Banck is required, that it be considered granted and Mr. Banck could put in the application later. It was a mere matter of formality.

The question of whether the Southern Distilling Company would have to pay a retail liquor tax of $50 per month and a further tax of $20 for wholesale malt liquors as agency for the Budweiser beer, was discussed. The company had only applied for a liquor license and it was presumed that further application for the malt liquor business will be made later.

Sol Bear & Co., were granted wholesale malt liquor license as agents for the Schlitz Brewing Co., but Mr. Isadore Bear, of the firm, was present and said that he would contest the question of whether he will have to pay a liquor license on wine manufactured from grapes raised or bought by the firm. He had paid the license to July 1st, but he was under the impression that the new Revenue and Machinery Act did not require him to pay a tax on the manufacture and sale of native wines. There appears to be a pretty question involved and a test suit will likely be made up very soon by the City Attorney and counsel for Mr. Bear.

Compliment to the Mayor.

Alderman W. H. Yopp asked and was given permission to introduce a resolution, which he stated was not in the call for the special meeting, but he hoped there would be no objection. He read and put the following, which was unanimously carried:

"Resolved by the Board of Aldermen of the City of Wilmington that this Board heartily endorse the action of the Honorable Mayor of the City of Wilmington with reference to the claims of certain parties against the city arising out of certain coupons alleged to be due, feeling sure that the prompt action of the Mayor in repudiating the said claims and refusing payment thereof caused said parties to abandon their claims and thereby sustained the credit of the city and saved the city a lawsuit and the expense incident thereto."

Mayor Waddell said that he appreciated the action of the Board, which has reference to $1,500 worth of old bond coupons and interest thereon for about 30 years, which some Northerner wrote some weeks ago that he held against the city and desired payment thereof. The Mayor wrote very positively to the holder of the certificates that they had been paid long ago and that he believed he was in a position to state confidently that the coupons had been stolen from the city by a defaulting official of the city during the carpet-bag period. The positive tone of the Mayor's letter had the effect to secure a surrender and return of the coupons from the Northerner which coupons, Col. Waddell stated last night, he had the pleasure a few days ago of burning in the presence of the City Clerk and Treasurer and the chairman and clerk of the Board of Audit and Finance. The resolution by Mr. Yopp was considered proper and it was enthusiastically passed by the Board.

Alderman Brown chairman of the Light Committee, submitted the bid of the C. R., L. & P. Co., for the arc, gas and incandescent lights of the city, the arc lamps being $5 per year and the gas five cents per thousand less than last year. However, there was a condition as to extra cost of installation which the Board thought should not be imposed and the matter was continued with the committee for further conference with the bidders and report at the regular meeting Monday night.

—It is learned that if the several hundred property owners who have sewers entering Jacob's Run, recently condemned by the Board of Health, will get together and repair the drain, the authorities will consider the matter of allowing them to continue to use the same.

THE SUPERIOR COURT

One Week Term for Trial of Civil Causes Convened Here Yesterday

JUDGE O. H. ALLEN PRESIDING

Interesting Matter From the Sound Heard During Afternoon—Grand Jury Organized and at Work—Charge Against Croom.

New Hanover Superior Court, Judge Oliver H. Allen presiding, convened yesterday and will be in session a week. The term will be devoted almost exclusively to the trial of criminal cases of which there are 77 on the docket, a number of them being of some importance. Judge Allen and Solicitor Duffy have just completed a full and important two-weeks term of Lenior court, and come to New Hanover rather worn out but they will make every effort to clear the docket, which is unusually heavy for the Summer season. Solicitor Duffy arrived Sunday night and Judge Allen yesterday morning. Court convened promptly at 10 o'clock and was organized for the week. The grand jury was drawn and empanelled with Mr. W. H. Alderman as foreman and Mr. T. H. Crews as bailiff in charge. The jury is composed of Messrs. E. S. Hancock, E. H. Sneed, J. H. Sherman, J. A. Springer, W. H. Brown, R. W. Bordeaux, Jno. H. Bornemann, Leon George, J. A. Kelly, Arthur Branch, W. S. Craig, Charles Watters, Benjamin Hollis, Albert M. Pate; C. R. Pate, G. C. Simmons, W. A. Snell and Mr. Alderman, the foreman.

Judge Allen's charge to the jury is spoken of as covering a wide range of criminal law with a number of observations of a sensible and wholesome nature. Of the 36 jurors drawn for the term, 28 were returned as summoned and Messrs. D. P. McLean, A. T. Blake, Jno. L. Bowden, Abner R. Heath, A. E. Blair, Wm. Mott, Jacob L. Eron and E. S. Lathrop were not found. Messrs. D. N. Chadwick, T. B. Kingsbury, M. J. Corbett and M. F. Croom were excused by the court.

Of the few cases disposed of during the day, the only one of interest was that in which Steve Brock and Joe Roebuck, residents on the sound, were charged with an assault and battery by forcing Charles Piner, a minor, 14 years of age, a son of Mrs. Mary E. Piner, of the sound, to drink whiskey which caused him to become drunk and unable to help himself. The presentment was made by a recent grand jury of which Mr. Wm. H. Sprunt was foreman, and with Roebuck and Brock were the names of two other men against whom the grand jury at the last term of court failed to find a true bill. Sensational allegations were contained in the bill of indictment in that it was set out that after forcing the boy to drink of the liquor, they left him in the drunken and helpless condition under a bar-room at Wrightsville Sound, on the beach, below high water mark, and in great danger of being drowned by the rising tide. Herbert McClammy, Esq., by courtesy, assisted Solicitor Duffy in the prosecution and Marsden Bellamy, Esq., appeared for the defendants. The defence was set up that the liquor was hid under the house by one of the defendants and that the boy took it of his own violition after having been warned to let the bottle alone. Upon that statement of the case, supported by one or more witnesses, the jury returned a verdict of not guilty and Messrs. Brock and Roebuck were discharged. The trial consumed most of the afternoon, the verdict of the jury having been returned after court had taken a recess at 7 o'clock until 9:30 A. M. to-day.

Solicitor Duffy announced that on account of the annual outing of the police at Carolina Beach, he would call no cases for trial to-day in which any of the policemen are interested.

Unimportant cases thus far disposed of are as follows:

John McKay, larceny, continued.

Annie Merritt, carrying concealed weapon; pleaded guilty.

Noriah Camel, larceny, nol pros with leave.

Tom Brown, disorderly house; case left open.

David Jamison, carrying concealed weapon; motion for judgment continued until hearing of Bell case, upon defendant's paying cost.

Andrew Green, allowing stock to run at large; verdict not guilty.

True bills were returned against Elijah Ross, charged with breaking in a store at Carolina Beach; Sam Long and Geo. Boney, charged with breaking in Montgamery's store on Princess street, and Alex. MacRae, charged with entering the dwelling of a colored man living in the city.

The case against former conductor C. T. Croom, charged with embezzlement of funds while in the employ of the C. R., L. & P. Co., will likely come up to-day. Marsden Bellamy, Esq., will appear with the solicitor for the prosecution and Herbert McClammy, Esq., for the defendant. It is understood that the line of defense will be that the fare registers in use on the cars are not accurate and will sometimes show up a different class of fare than that really rung up; for instance, a ticket for a transfer or for a cash fare, etc. The company is understood to have an expert here from the factory to demonstrate the working of one of the registers before the jury during the trial.

Where are you going my pretty maid? "I am going to 'Lumina,' Sir," she said. **

MR. EDWARD ANDREW BROWN

Another Gallant Confederate Soldier Answers Final Roll Call—Veteran In Express Service—Funeral.

The Star chronicles this morning with deepest regret the death of Mr. Edward Andrew Brown, one of Wilmington's most highly esteemed citizens, who passed away rather suddenly yesterday morning about 10:30 o'clock at the James Walker Hospital. Mr. Brown had been in wretched health for some time, but recently his condition had shown signs of improvement and the best was hoped for. However, he had been complaining since returning from the reunion of Veterans at Louisville a week ago and Sunday morning went out to the hospital of his own accord to recuperate. Yesterday morning he was up and appeared in good spirits, but a few minutes later he became very weak and had to be assisted back to his room. His heart failed him at a crisis in his condition and his death came quickly.

Mr. Brown was born in Wilmington May 1st, 1845, and was, therefore, in the 61st year of his age. When a boy, less than 16 years of age, at the outbreak of the war between the States, he went to Charleston, S. C., and joined the South Carolina Zouaves as a drummer. He was in the battle of Fort Sumter, but later, in 1863, he joined Co. C., 59th Regiment, N. C. Cavalry, commanded by Col. Forrebee, and served with conspicuous gallantry all through Virginia, surrendering with his company, commanded by Capt. R. M. McIntire, at Appomattox. He rode home the horse which carried him into many dashing charges and for a few years was engaged in farming with the same animal. Then he entered the Express service, running out of Wilmington as a messenger, continuing for 40 years in that employment until his death. For ten years, until about 1880, he was agent of the Southern Express Co., in Columbia, S. C., and was later a route agent in this district. He was next engaged with the company in important positions in the Wilmington office and remained here until his death. He was a man of fine ability, agreeable personally and a warm friend. His comrades in the Civil War speak of him as a gallant soldier and mourn his departure as a personal loss. He was an enthusiastic member of Cape Fear Camp, U. C. V., of this city, and members of that organization will assemble at the W. L. I. armory at 9:30 o'clock this morning for the purpose of attending the funeral in a body at Saint James' Episcopal church at 10 o'clock.

Mr. Brown leaves of the immediate family only a brother, Mr. Asa A. Brown, and a sister, Mrs. Eunice C. Moore, both of this city. They have the tenderest sympathy of friends in their sorrow.

Dr. Porter's Seventy-Third.

Dr. E. Porter celebrated his 73rd birthday at his hospitable home near Rocky Point yesterday. Dr. Porter had around him for the celebration all the employes on his extensive plantation, numbering 60 or 75 of both white and colored, and ten or fifteen of his special friends from adjoining counties. A table laden with a feast of good things was spread under a magnificent silver poplar tree on the lawn of the fine old estate and those who enjoyed the genial doctor's hospitality will never forget. In the party were Mr. A. S. Holden and family, Mrs. Pitts, Mrs. McCullen, Capt. W. P. Oldham and Miss Sallie Oldham, from Wilmington.

A Shooting Affair.

Early yesterday afternoon at Eight and Castle streets the attention of Policeman Alex. Wells was attracted by one white man chasing another, evidently upon mischief bent. Before the officer could reach the scene the man being chased, B. W. Merritt, turned upon his pursuer, John Tharp, and fired at him with a pistol. Tharp ran at the crack of the pistol and the sight of the officer but Merritt was arrested for trial by the Mayor at noon to-day. Tharp, it is believed, was not hit by the bullet from Merritt's pistol.

The Water Works Case.

Federal Court was engaged all day yesterday in hearing argument upon preliminary motions in the case of Clarence L. Parker, of New York, against the Clarendon Water Works Co., of this city, the particulars of which controversy are well known. The hearing of evidence by the jury will commence to-day and the case will likely consume several days in its trial.

—The Star is requested to state that the Fourth of July bicycle races will be on the Wrightsville instead of the Castle Haynes turnpike as previously arranged.

—Knights excursion left for Newbern yesterday with about 300 Wilmington passengers. The train was expected to return before day this morning.

WILMINGTON, N. C.

Tuesday Morning, June 27.

"AN EXPLODED DOCTRINE."

The New York Times makes a new point in President Roosevelt's action in establishing proceedings against the Atchinson, Topeka and Santa Fe Railroad, of which Mr. Paul Morton was Vice President when he accepted President Roosevelt's invitation to become Secretary of the Navy. The new point is that the action of the President is a blow to government control of railroads and other corporations. However, in throwing out that hint, The Times prints a remarkable editorial commenting upon the President's letter vindicating Mr. Morton, and in so doing, estopping proceedings against Mr. Morton's company The Times (Independent) says, under the heading of "An Exploded Doctrine."

"President Roosevelt should discontinue his public advocacy of the Federal control of corporations, for his acts destroy his arguments, and in his own official person he demonstrates that his theories of government supervision are illusory and worthless.

"In his address at the Williams College Commencement Mr. Roosevelt spoke for the hundredth time in favor of a law empowering the Federal Executive to fix railroad freight rates, and again expounded and advocated 'a closer supervision by the government of great industrial corporations.' We quote from his address:

"'What we can have done is to put an efficient supervision over the owners of the combinations, so as to see as far as possible that they are employed in the interest of and not against the interest of the general public. I do not believe that such supervision can come effectively through the State, nor that it can effectively come through the municipality, but ultimately in the great majority of cases to be effective it must be exercised by the National Government.'

"But in a most conspicuous manner Preisdent Roosevelt has just given the country public proof that it is useless to expect of the National Government an effective supervision and control of corporations. We have upon the statute book laws forbidding railroads to give secret rebates, or to accept and transport freight at rates other than those printed in their published schedules. The violation of this law is a misdemeanor. The officers of one of the great railroad systems of the country, the Atchinson, Topeko and Santa Fe, have confessed that that railroad violated the Inter-State commerce law by accepting from a favored shipper and transporting coal at $2.90 a ton when its published rate was $4.05 a ton. The matter is so serious that the Attorney General employs special counsel to investigate and report upon it. The special counsel employed, two lawyers of high reputation, report to the Attorney General that proceedings for contempt of court must be brought against the officers of the road in order to enable him to determine upon the basis of sworn evidence whether criminal proceedings should be undertaken.

"Instantly the strong compelling hand of the President of the United States is extended, not to not to punish the offenders but to shield them. Why? Because the officer of the Atchison road most closely identified with the violation of the law is Mr. Paul Morton, a member of the President's cabinet. Because his friend and his Secretary of the Navy is involved in the charges Mr. Roosevelt forbids a resort to legal proceedings which would disclose the truth, and might thereby make a criminal proseeution imperative. And his compliant Attorney General, putting his name to an opinion full of shockingly bad law, calls off the hunt along this trail that leads into the President's Council Chamber.

"It is a spectacle to make Beelzebub laugh, the spectacle of a good man tempted, fallen, turning his back on duty and shielding the wrongdoer."

TheTimes puts it rather strongly but to a man up a tree Harmon and Judson's resignations as special counsel for the government in the investigation of the Santa Fe rebate case made it necessary for the administration to explain that they had no business to resign unless they had some other excuse not so peculiarly calculated to put the administration in a hole.

Secretary Morton acknowledged that the Atchison, Topeka and Santa Fe Railroad, while he was its vice president, granted a rebate and declared that "it was illegal when we made it and we knew it." President Roosevelt's certificate of exculpation for Mr. Morton ought to make Mr. Morton ashamed for telling the Inter-State Commerce Commission such a big whopper on his innocent self.

THE QUARREL OF FRANCE AND GERMANY.

The Brooklyn Citizen states that the relations between Germany, England and France have suddenly assumed a phase dangerous to the peace of Europe. This is reflected in the weakness and flurry on the Paris and Berlin stock exchanges, and the pessimism which prevails in the press comments. Germany, which was congratulating itself on the fall of M. Delcasse, and believed it had found in his successor. M. Rouvier, a more facile negotiator, has been rudely awakened from its day dreams by the nature of the French note on the Morocco dispute. While France has declared its willingness to assent to a conference of the powers, as suggested by the Sultan at the request of Germany, it desires the scope of the conference to be limited to a discussion of the matters embraced in the Franco-English-Italian and Spanish agreement.

This is tantamount to a declaration that France refuses to abate one jot from the paramountcy in which Germany had no part, and the firmness of France in upholding her claims is interpreted in Berlin as equivalent to an ultimatum. The German statesmen believe that M. Rouvier would not have risked the danger of war unless France has received assurances from the government of King Edward that England was prepared to stand by her with her fleet and her army, in case Germany went to war with France over Morocco.

There is no reason to believe that France desires a war. The downfall of M. Delcasse is proof of this. At the same time the French note, while courteous in tone, is a plain intimation that France is prepared to defend her interests in Morocco by the sword, if necessary.

The Citizen add:

"The situation, as here presented, certainly warrants the gloom that hangs over Europe. The Kaiser's bluff has been called, and unless Germany is prepared to back down and assume a less haughty tone to her neighbor, the consequences are too horrible to contemplate with equanimity."

—Mr. Roosevelt declares that it is shameful to quote Mr. Paul Morton's previous testimony against him. It may be a shame, but we shall quote just this little bit from Mr. Morton's admissions before the Interstate Commerce Commission in the Santa Fe rebate cases in 1801: "Yes sir, it was an illegal contract. It was illegal when we made it, and we knew it." Yet the president says that Mr. Morton has had no share in violations of the law and shall not me purosecuted! Great is whitewash.—Norfolk Landmark.

GET INSIDE.

Your Friends and Neighbors in Wilmington Will Show You How.

Rubbing the back won't cure backache.

A liniment may relieve, but can't cure.

Backache comes from the inside—from the kidneys.

Doan's Kidney Pills get inside—They cure sick kidneys.

Here is Wilmington proof that this is so:

R. F. Rowan, clerk with L. W. Davis' Clothing House, residing on Castle street between Sixth and Seventh, says: "I strained myself lifting a heavy box, and suffered great pain across my back for a long time. I used plasters and liniments but they did me no good. I could hardly stand up straight, my back was so weak. Seeing Doan's Kidney Pills advertised in our newspapers I went to Bellamy's drug store and got a box. I felt better the next day and continued using them according to directions and my back regained its old strength. I was simply surprised at the result. I will gladly recommend Doan's Kidney Pills every time for backache."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. **

Huge Task.

It was a hugh task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by R. R. Bellamy, druggist; price 50c.

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at R. R. Bellamy's drug store.

The market opened weak at a decline of 6 to 10 points following lower cables and selling by room bears in expectation of a bearish weekly bureau report tomorrow but there was a fair demand on the decline, chiefly for Southern account accompanied by reports from the South that continued rain was doing damage in some sections of the belt, and prices soon rallied. Spot houses were said to be buying July, thus relieving apprehensions as to the influence of notices on next Friday, to some extent, and in the early afternoon the market worked up to a net advance of about 4 to 6 points on the active months, or to within about 5 points of the highest level of last week. There was some reaction toward the close under realizing but the final tone was steady. Sales estimated at 200,000 bales. ORTON BUILDING

SPIRITS TURPENTINE.

—The Maxton people seem very much encouraged at the movement to build a cotton warehouse there. The more they think of it and its advantages the better pleased are they.

—Gen. J. S. Carr, of Durham, after attending the Confederate re-union at Louisville went out to Kansas City, Mo., to visit his daughters. He was taken sick with chills after leaving Louisville and was quite ill, though a telegram to Mrs. Carr, states that there is nothing serious.

—In Charlotte Sunday night, as a result of a quarrel concerning a woman, Jim Wood, a young colored man, shot and painfully wounded his brother, Will Wood. Jim Wood, who did the shooting, left for parts unknown immediately after the shot was fired and the search by a squad of policemen was fruitless.

—Will Snead was drowned Sunday while swimming in Marler's creek, two miles from Roxboro. The remains were not recovered for two hours, though there were five others with him, and the creek was not more than fifteen feet wide, but very deep. The deceased was an operative at the Roxboro Cotton Mills, about 23 years old.

—Greensboro Telegram: During the year ending February 28, 1905, North Carolina companies doing a fire and tornado insurance did a business of $26,550,059, receiving as premiums $500,396 and incurring losses amounting to $281,575. To the lay mind, which, however, is naturally liable to mistake, this looks like a very good showing unless the expense of getting and handling the business is so large as to cut down the net profits very materially.

—The funeral services took place Saturday from his home in Gray's Creek township, over the remains of Abram Gainey, aged 70 years, one of the most successful farmers and esteemed citizens of Cumberland county. He served bravely in the civil war as a non-commissioned officer of Company C, 54th North Carolina Regiment of Infantry, and was a member of Cumberland Camp 802, United Confederate Veterans. He leaves a wife, who was Miss Minnie McNair, of Moore county.

—A terrible rain and wind storm visited the section around Greenville Saturday night. The rainfall reached three inches and the wind was high. Crops in the county well advanced were leveled to the ground and damaged incalculably. There was no damage to buildings in town, but fences, trees and streets suffered much. A minstrel performance just started under canvass was broken up by the wind lifting the tent and wrecking it. None of the audience was injured, but all were drenched before they could reach shelter.

—Geo. C. Bass, a rural free delivery mail carrier, was shot to death Friday morning between 1 and 2 o'clock about seven-miles from Dunn while assisting the sheriff and his deputies to capture William Henry Smith, an escaped convict from the chain gang of Wayne county. Smith is a notorious, desperate and violent criminal, and the sheriff had several deputies and assistants, all well armed, to assist him. An examination shows that Bass was riddled with buckshot from the head down; several entered the back of his head. He died in about two minutes after he was shot. It all occurred in the dark and several shots were fired. It seems that Smith was up and apprehending trouble; it is not known who nor how many were there to assist him in resisting the attack of the officers. At present it is not known who did the fatal shooting, whether it was an accidental shot by one of the sheriff's posse or by some one stationed outside of the negro hut to prevent the arrest of Smith. It is reported that the posse became scattered or divided, and no one knows who fired the shot. Bass was about 30 years of age and of good character. He was highly regarded, and his death is greatly deplored. He leaves a wife and small child.

—Greensboro correspondence Charlotte Observer: Based on the supposition that the reports in the papers this morning connecting ex-District Attorney Claude Bernard with the shocking tragedy and scandal at Raleigh, many Greensboro people have been interested in the revelations, who otherwise would not have been. Bernard lived here for nearly two years when a young man, studying law under Judges Dick and Dillard. It was a surprise to the Blackburn Republicans here that Bernard was not an active supporter of the anti-Rollins faction, of the "anti-office-holding-forever" crowd, as the Tar Heel aggregation call themselves. It was soon explained by a prominent Republican coming here from Raleigh giving out the information that Bernard was where he couldn't "kick no mo,'" against the powers that be, for he was going to be indicted at the approaching term of the Federal Court in Raleigh for defrauding the government out of revenue in the conduct of a distillery at Hamlet, of which he was a partner, unless he succeeded in getting it compromised. He secured the legal services of an eminent Republican lawyer of Greensboro, of The Industrial News Faction, who went immediately to Washington, got the cases against the ex-District Attorney compromised, the amounts agreed upon by the Commissioner were paid in, there was no indictment before the grand jury and Mr. Bernard was not exposed.

—Charlotte Chronicle: It is a matter now generally known that negroes are not permitted in Pinehurst, the town founded in Moore county by Mr. Tufts, and people entirely by Northerners. In Southern Pines, an adjoining town, the negro is also excluded. We get it from The Raleigh Times that two negroes have recently bought property there and had planned to erect residences for themselves and their families for immediate occupancy. There was a howl and a petition, signed by twenty of the citizens and property holders of Southern Pines, was presented in which they described the proposed acts of the negroes and stated without beating about the bush that "we believe that they can truly be declared public nuisances, and that they will militate against the best interests of the town and its future government. By permitting these buildings to be erected and occupied by their owners, and others whom they will induce to occupy them, the property owned by citizens in that section of the town will be made to greatly depreciate in value, and the loss in assessed valuation there will be far greater to the town than can possibly be gained by permitting them to be built." The colored property owners, both preachers, acted very sensibly in the matter. They addressed a letter to the mayor in which they stated that "it is not our wish to thrust ourselves as unwelcome citizens upon the town, and, under existing conditions, will, for the worth of our property, dispose of it, and relinquish our intention to become property owners within the corporate limits of Southern Pines."

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

DEATH RATHER THAN SEPARATE

Band Master of Battleship Alabama and Young Wife Suicide.

By Wire to The Morning Star

Paterson, N. J., June 26.—Unable to endure the thought of a long separation involved in the foreign service to which he was ordered, Henry Eichenrodt, band master of the United States battleship Alabama and his young wife, to whom he had been united less than a year committed suicide to-day.

After the last cruise of the North Atlantic fleet Eichenrodt came home and was to have rejoined his ship to-night with the understanding that he would not again obtain shore leave before departing for the Asiatic station. The young couple were deeply depressed at their approaching separation.

To-day friends gathered at his home to bid farewell to the band master. In the midst of the festivities Eichenrodt and his wife left the party and later were found dead in their bedroom, clasped in each others arms. Examination showed that after turning on the gas both had swallowed carbolic acid. Mrs. Eichenrodt was 26 years old and her husband two years older.

CONTINUANCE WAS GRANTED.

Application for Receiver of South Carolina and Georgia.

By Wire to The Morning Star

Asheville, N. C., June 26.—Judge J. C. Pritchard, of the United States Circuit court, today continued until July 26th the hearing in which the Southern Railway Company had been ordered to show cause why a receiver should not be appointed for the South Carolina and Georgia railway. The continuance was granted on the request of counsel for the Southern railway, that the defendant might have more time in which to file its answer to the complaint.

The request for a receiver for the South Carolina and Georgia division of the Southern railway was made by Henry H. Cumming, a stockholder of the Southern Railway, residing at Augusta, Ga., who complained that the treasury of the Southern railway is being depleted by reason of suits against the Southern for violation of the merger law of South Carolina, and that already suits to the amount of $470,000 are pending against the Southern railway.

PRESIDENT'S SUMMER VACATION.

Left Washington Yesterday and Will Go to Oyster Bay.

By Wire to the Morning Star.

Washington, June 26.—President left Washington at 5:30 o'clock this afternoon by special train over the Pennsylvania railroad to Cambridge, Mass., to attend the commencement exercises at Harvard University. The President will not return to Washington, but will go to Oyster Bay for the Summer.

Just before the departure of the special train, Count Cassini, the Russian ambassador, was driven to the station, having been unable to reach the White House to-day to bid the President farewell. He was met on the platform by Mr. Roosevelt and they held a hurried conversation, during which, they clasped hands warmly.

PEACE PARLEY IN WASHINGTON

Japan and Russia Agree to Begin Negotiations August 1st or Thereabouts

FIGHTING GOES ON DAILY

Japanese Reported to be Quietly Carrying Out Great Flanking Movement—Russian Army Averse to Armistice.

By Wire to the Morning Star.

Washington, June 26.—The President has expressed a wish to the Japanese and Russian governments that the plenipotentiaries meet in the United States on the first day of August, and if not on that date, then at the earliest date thereafter. The following statement regarding the meeting of the plenipotentiaries was made public at the White House to-day.

The President has received from both the Russian and Japanese government the statements that the plenipotentiaries and the two countries will meet in the United States during the first ten days of August and the President has expressed to both governments the wish that the meeting should take place if possible on the 1st of August, and if not on that date, then at the earliest date thereafter." M. Nelidoff, the Russian ambassador to Paris and Baron Rosen, the new Russian ambassador to Washington, are Russia's tentative selections of plenipotentiaries.

Mr. Takahira, the Japanese minister here, it is understood, has been selected by his government as one of the plenipotentiaries, but the name of the ranking Japanese envoy cannot be learned.

Russian Army at its Maximum Strength.

Gunshu, Pass., Manchuria, June 26.—Very vague dispatches reaching here through the official paper which is edited for the army, make the conditions under which the proposed peace is to be reached very indifferently understood. In consequence of events at Washington, a military initiative for an armistice had been expected, but, although Generals Linevitch and Kuropatkin express the conviction that Russia is drifting toward peace, no action looking to an armistice has yet taken place. On the contrary, the commanders appear to regret that at the time when the army has reached its maximum strength it is likely to be deprived of victory.

Numerous small bodies of Japanese scouts have appeared in the regions of either Russian flank, and it is feared that they were intended to screen the turning operations of the Japanese, as before the battle of Mukden.

Chinese report that flanking movements have been already begun, but the Russian staff denies this.

Traders coming from Bedom say that the Japanese are advancing in that direction from Sinmintin.

Fighting at the Front.

St. Petursburg, June 26.—Two telegrams were received to-day by Emperor Nicholas from Lieutenant General Linevitch dated June 24th and 25th respectively and referring to the movements of June 21st and June 22d. On the latter date a Japanese attempt to dislodge the Russian outpost in the valley of the Kao was repulsed, while the Russians in the Hsingcheng district dislodged the Japanese outposts at Nanchancheng and advanced southward to that place. The Russians operating in the direction of Ufanglu retired after unmasking a considerable force of Japanese. The latter pursued the Russians and occupied Ulangtzu in the Hailungchen district. The Japanese resumed the offensive in the neighborhood of Shimiaotse, continuing a frontal attack and making an energetic turning movement. The latter threatened to cut o the Russian who consequently retired.

SECRETARY HAY HAS ORAEMIA.

His Condition is Believed to Be More Favorable.

By Wire to The Morning Star.

Newbury, N. H., June 26.—Secretary of State John Hay is confined to his bed at his summer home near Lake Sunapee with an attack of Uraemia. His condition was regarded as favorable to-night by his physicians. After a few days of rest it is expected the Secretary will be able to leave his room. Dr. Charles L. Scudder, of the Massachusetts General Hospital, Boston, who came here with Mr. Fred T. Murphy, of Boston, Sunday night, on a special train in response to a message from the family, remained in the village to-night, but Dr. Murphy returned home.

Dr. J. L. Cain, of Newport, N. H., who was called to the Hay home before the arrival of the Boston physicians is with Dr. Scudder. Both doctors are of the opinion that Mr. Hay will have no difficulty in overcoming the effects of the present attack.

The attack was due to a chill caught on the journey from Washington and is similar to one Mr. Hay had your years ago.

The Secretary passed a comfortable afternoon and evening, and his family considered that there is no need of further anxiety. Secretary Hay arrived at his summer home Saturday night.

DOUBLE TRAGEDY.

Negro Kills Florida Man and is Killed Himself.

Tallahassee, Fla., June 26.—A. G. Gohagan, a woods rider for the Yeager & Saucer Turpentine Company in the Smith Creek section of Wakulla county, was shot and killed by a negro last Saturday and his slayer was shot and killed by a Mr. Langston. A crowd of negroes had gathered around the commissary and were acting in a noisy manner. Gohagan stepped out to quiet them, when a negro seized a shot gun loaded with buckshot and fired, killing him.

Other white men were in the commissary, and when they came to the door they were shot at by the negro. One of them, a Mr. Langston narrowly missed being killed as a part of the load of buckshot went through his coat. Langston got a gun and opened fire and after a few rounds the negro fell, mortally wounded and died during the night.

JEALOUS LOVER'S AWFUL DEED.

Killed His Rival and Fatally Wounded Sweetheart.

Richmond, Va., June 26.—James Ford shot and instantly killed George Cash and fatally wounded Miss Lydia Inchminger last night at Waterloo Road, Rockingham county. Mr. Cash and Miss Inchminger were returning from church when Ford met them on the road and asked: "Is that Miss Inchminger?" and upon receiving an affirmative reply opened fire with a revolver. The girl, who is 14 years old and very pretty, is yet alive. Ford is 20, and Cash was 18 years. They worked at Longdale mines, Allegheny county. Ford made his escape, and has not been apprehended. Jealousy is the alleged cause of the shooting.

FRIGHTFUL DISASTER TO DANISH CADET SHIP

Rammed and Sunk by British Steamer—Twenty-Two Cadets Drowned—Fifty-seven Rescued.

By Cable to The Morning Star.

Copenhagen, Denmark, June 26.—A serious disaster occurred last night near here when a Danish cadet training schooner Georg-Stage was rammed and sunk by the British steamer Ancona. The Georg-Stage sank in one and one-half minutes. Twenty-two cadets were drowned and fifty seven rescued.

The boys were all in the bunks at the time of the disaster. The night was overcast, but it was not so dark that objects could not be seen at some distance.

The Ancona was considerably damaged along her water line. The port authorities have placed an embargo on the arcona, which will remain here until the inquiry into the collision is completed. Thus far, not a single body has been recovered by the divers who have gone down to the wreck.

First Officer Myhre, of the Georg-Stage, attributes the accident to the Ancona's changing her course. He said the Ancona's bow crashed seven feet into the training schooner's side bringing down the latter's masts and rigging and preventing many of the cadets gaining the deck. Those who were not entangled in the wreckage sprang on board the Ancona and assisted in launching life boats. Mryhre himself jumped into the water and rescued many boys who were entangled in the rigging.

The Georg-Stage was a schooner of 206 tons and was 106 feet long. Apparently she was a training vessel for the mercantile marine, and was owned by a private firm of Copenhagen.

THE CHARLESTON NAVY YARD.

Difference Between Engineer Walker and Dock Contractors.

By Wire to The Morning Star.

Washington, June 26.—Acting Secretary of the Navy Darling, conducted a hearing to-day in the matter of the alleged differences between Civil Engineer Walker and the navy and the New York Continental Jewell Filtration Company in connection with the construction of the dock at the navy-yard at Charleston, S. C., for which that company has the contract.

It has been claimed by the contractors that Lieutenant Walker was too severe in his exactions in certain particulars. An order was recently issued transferring him to another station, but an appeal was made to the President to have Lieutenant Walker retained at the Charleston yard, when the President directed that the order of his transfer be held up until he had been advised of all the facts in the case. It was claimed that the Lieutenant only did what he deemed to be his duty.

Those heard to-day on behalf of the company were John Dougherty and W. P. Anderson, president and vice-president respectively, of the company, and the company's consulting engineer. Lieutenant Walker and Civil Engineer Harris, who also was attached to the Charleston yard, gave their statements. Communications addressed to the President on this subject will be considered by Mr. Darling in connection with the statements made to-day. The Acting Secretary declined to enter into details of the case as laid before him, and would not indicate what conclusions he had reached, as he will make a full report to the President on the subject.

HORRIBLE TRAGEDY IN FLORIDA.

Gentleman and His Daughter Murdered by Unknown Parties.

By Wire to The Morning Star.

Miami, Fla., June 26.—Charles E. Davis and his daughter, Elsie, were found dead in their home to-day. They had been murdered probably Saturday night. Both had been shot. One shot killed Mr. Davis, while his daughter was shot twice. The murder was discovered by a Mr. Burbank, who went to see Mr. Davis on business Sunmorning. He found the lower part of the house open, but could find no one at home. Again Sunday afternoon and Monday morning he went with the same result. On the last visit, his suspicions were aroused, and he went to the home of one of the sons of Mr. Davis. The two returning to the Davis house entered it and going upstairs, found the two bodies. No clue has been found to point to any one as the perpetrator of the deed. The community is intensely excited and a lynching will probably follow an arrest. Miss Davis was one of the beloved young women in the community, and Mr. Davis was a popular and prominent business man.

RESULT OF AN OLD FEUD.

Two Men Killed and Old Shot at Waynesboro, Ga.

By Wire to The Morning Star.

Waynesboro, Ga., June 26.—Two men are dead and one seriously wounded as a result of a shooting affray that occurred here to-day. The parties of the affair were L. D. and John Hill, of Drone and L. Schrameck, of Augusta, and D. C. Curtis, of Saint Clair. John Hill was seriously wounded in the stomach and thigh, Curtis was shot in the face and through the heart, dying instantly, and Schrameck was shot in the head and through the heart, also dying instantly.

A special train came from Augusta to carry John Hill to the city hospital there, and Schrameck's family and friends came to carry his body back to Augusta for burial. The body of Curtis will in all probability be buried here.

The parties met in town to-day while on legal business, and before friends could interfere, the shooting was done. It was the outcome of a feud of long standing and was not unexpected.

An inquest was held over the bodies of the dead men with the following verdict: "That Curtis was killed by Dozier Hill in defense of his life, while it is not known who shot Schrameck. The Hills gave themselves up to Deputy Sheriff Hurst, and have arranged bond.

BLOODY RESULT OF POLISH RIOTS

Killed at Lodz Last Week 1,200 Men, Women and Children

RUMORED MASSACRE OF JEWS

Twenty Thousand Jews Have Left the City—Number of People Slain in Warsaw Yesterday—Riot in Kovno.

By Cable to The Morning Star.

Lodz, Russian Poland, June 26.—since the proclamation of martial law, the situation has become quieter. The rumor of an approaching massacre of Jews has caused 20,000 Jews to leave the town. Scattered cases of rioting as a result of the insurrectionary spirit, however, continue. One of these occurred to-day in the old Protestant cemetery when a patrol was fired on from behind a wall. The patrol charged and killed twelve persons, five men, four women and three children.

Business is at a standstill and all traffic has been stopped. A case of disaffection among the troops was reported to-day, when the officers of one regiment informed their commander that they would refused to fire on defenseless people. The regiment was at once transferred to another place.

The victims of last week's outbreak total over twelve hundred. Thus far, the bodies of 343 jews and 218 Christians have been buried. The wounded number over 700. Some semblance of order has been restored, and the workmen are gradually returning to the factories.

Lieutenant General Suttleworth, commander of the First Cavalry Corps, has assumed command of the forces here during the existence of martial law. The Governor General has proclaimed a state of siege here.

Bloody Work at Warsaw.

Warsaw, June 26. — Disorderly crowds have thronged the streets since early this morning. They erected barricades at Ogrodowa, Krochmalna and Wronia streets, on top of which they placed red flags. The police and soldiers stormed these barricades and ten persons were wounded by bullets or bayonets. Another affray took place at Zelazana street, where Cossacks charged the crowd and wounded three persons. In the central market a crowd attacked a patrol with revolvers, to whoch the patrol replied with volleys, killing a boy and wounding three other persons. Five workmen who had refused to strike were stabbed to death by their comrades. Revolutionary proclamations have been posted on the walls and two hundred persons have been arrested. A heavy rain fell all day, and this is believed to have prevented more serious collisions.

The Social Democratic party and the Jewish bund announce that the fight against the government must continue, but it is believed that with the present show of military force the situation will be controlled. Business is at a dead lock.

The general strike which began today was preceded last night by attempts at red flag demonstrations, but the Cossacks charged and dispersed the rioters with their whips. On Vononia street a sullen crowd made a stand and a patrol fired three shots. Although thousands of workmen obeyed the strike proclaimtion, the tie-up is not complete. Many bakers have joined the workmen and Warsaw is threatened with a breat famine.

A bomb was thrown last night at a carriage occupied by the chief of police, M. Pavloff, of the town of Czenstochowa, government of Piotrkow. The chief of police and several other persons were seriously wounded. All the Polish newspapers have been forbidden to issue any editions.

Riot at Kovno.

Kovno, Russia, June 26.—A mob of a thousand persons surrounded and attacked the police station and the Governor General's palace to-day. Windows and doors were broken before the rioters were overpowered by the police. Five policemen were wounded. A detachment of dragoons finally arrived on the scene and dispersed the rioters.

CYCLONE IN NEW YORK CITY.

Five-Story Building Demolished—One Killed, Two Injured.

By Wire to the Morning Star.

New York, June 26.—A storm of cyclonic proportions, accompanied by a terrific deluge of rain passed over Harlem and the Bronx this afternoon, causing widespread havoc.

A building in course of erection in 136th street near Riverside Drive was demolished, John Lawler, foreman of the bricglayers being crushed to death and two Italian laborers severely injured. The wrecked building was one of a row of new apartment houses. Lawler and the two laborers seeding the storm approaching from the New Jersey shore, rand to the fifty floor and made a brave effort to shove up the western wall.

Having finished their work, the men started for the street, and had reached the first floor when the building collapsed.

Abraham Pearlman, of the firm of Pearlman & Brown, the builders of the house, and Abraham Bordock, the superintendent of the construction, were later arrested.

The lower section of the city experienced only a somewhat heavy gale with no rain. The storm appeared almost simultaneously in the Bronx and Harlem, and the wind reached a velocity of 43-miles an hour, accompanied by blinding sheets of driving rain.

POLICE EXCURSION TO-DAY.

Jolly Blue Coats to Hie Themselves to Carolina Beach.

Ho for the police excursion to-day! There will be five trips of the steamer Wilmington on account of the annual outing of the jolly Wilmington blue coats on Carolina Beach and indications are that every trip of the boat will take to the seashore its capacity of men, women and children. The committee in charge has prepared an unusually attractive programme of sports and the day will be well spent. Mayor Waddell, many of the Aldermen and other city officials will be guests of honor and everybody is assured a good time. The police force of the city is a worthy body of underpaid but faithful men and the entire city will rejoice with them now upon the occasion of their one day's relaxation from duty and their brief season of recreation and pleasure. Here's hoping that they will have a fair day, cooling breezes and no untoward incident to mar their pleasure.

Hollowbush, is decidedly the most popular on the beach and they play music which suits the general public. There is dancing every afternoon from 4 to 6, and evenings from 8 to 10. The new band stand has been completed which gives the dancers more room.
